DESCRIPTION

This project provides for the placement of School Based Health Centers (SBHC) and Linkages to Learning sites at public schools. It is in accordance with the recommendations of the School Based Health Center Interagency Planning Group (SBHCIPG), the Linkages to Learning Six Year Plan, the Department of Health and Human Services (DHHS), and Montgomery County Public Schools (MCPS). The selection of the host public schools is based upon criteria recommended by the SBHCIPG and the Linkages to Learning Advisory Group. Montgomery County Public Schools will oversee the construction of the SBHC and Linkages to Learning sites. The county will occupy the space with School Health Services and Linkages to Learning personnel and contractors. Cost estimates are based on per square foot costs for school construction, adjusted by the additional requirements for health care facilities, such as examination rooms, a laboratory and medical equipment. The facilities in elementary schools will be modeled after the current School Based Health Center at Gaithersburg Elementary School and other Linkages to Learning sites. MCPS will provide maintenance and utilities for the facility by a Memorandum of Understanding. Site specific factors are to be determined and will be provided during construction.

COST CHANGE

Increase due to the renovation of the Fox Chapel Elementary School Linkages to Learning site.
